The Bangor Loan Bill.

The Kennebec Journal in commenting upon a remark of ours that Kennebec people had undertaken the guardianship of Bangor, relative to the loan bill, says that the bill was opposed by citizens of Bangor, who acted at Augusta for the purpose of defeating it, and that the Kennebec people took little part in the matter. In this the Journal mistakes the assignments for those who acted there, and we include in this even the senators from this county, to whom among others, the Journal especially refers. We think we have a right to do so, notwithstanding the fact of some of them, that they are opposed to the principle of the loan bill as a matter of principle; for had they been opposed to the bill on principle, they would have voted against the bill granting the right to Portland to grant her credit to the amount of a million of dollars on top of nearly two millions previously granted, as has been done by all the members of both branches of the Legislature who voted for that bill as the record shows they did. If they had no other regard for the principle of the Portland bill, but were thus affirmative and first vote for that bill, when their consciences were tender, and the corruptions of Court had not tainted their pure white souls, how can they expect any man to credit their presence of abhorrence, of the principle in the Bangor bill?

The Journal next puts talk to the point the vote of the Penobscot senators, by supposing them by that we shall not look beyond to the influences woven around these senators. No. It was matter well known, or at least strongly believed, that there were two men in Augusta, and citizens of Augusta, even after the report of the Committee and just prior to the vote being taken in the Senate who had the control of the whole matter, and who by a whisper would have changed the result. Will they consider it to do to their credit to have even a whisper said about the principle?

But the Journal expresses the opinion that if the Kennebec people had opposed the bill, we should have no right to complain after having opposed the extension of the Somerset road to Augusta. But the Journal ought to know that every facility has been offered to Augusta interest to extend their road to Somerset, and that some of the friends of said connection are indignant that the offer made were not accepted. Bangor does not wish to stand in the way of any other legitimate and proper improvement in any part of the State.

Neither the plea of principle, nor the want of extension of the Somerset road to Augusta, are the real grounds of opposition to the Bangor Loan Bill. The opposition arises wholly from the difference in the width of the two gauges of the railroads in Maine. The broad gauge has it all its own way on the great northern route, but for the eastern part of the State, the struggle is with the narrow gauge interest between Portland and Augusta, to have that prevail over the broad gauge, which has successfully reached Waterville. This is the real ground of contention, and the very interest which has arrayed itself against the Bangor loan bill, and is now clamorous for the eastern business could not have extended the narrow road to those two doors in any other way than by obtaining the credit of those towns and cities, as Bangor now wishes to do.

If the narrow gauge has the vim to come here, let it come and non-interference with the wishes and welfare of Bangor, and deny her the use of those facilities which the narrow gauge has employed.

The contest between the two gauges west of the Kennebec has been fierce, and now it begins east of the Kennebec. It will not be prolonged a long while, if the friends of the broad gauge do what they ought to and put through the road from Waterville to this city. The narrow gauge has promised largely, but this is about the extent of its ability, if the broad gauge begins to be earnestly laid between Waterville and Bangor.

Several marine disasters have occurred on the coast during the recent storms. The new ship Inez, of Newburyport, from Mobile with a cargo of cotton, bound to Boston, was reported ashore on Thursday, on Cape Cod, also the British barque Queen, from Havana for Boston. The crews of both vessels are saved.

The Springfield, Mass., Republican says that the Orange mail, due at Amherst at 5 o'clock P. M. on Tuesday, did not arrive until 5 o'clock next morning. It was five hours in getting through seven miles of snow drifts. Snow was 20 inches deep through Shutesbury, and drifted badly.

It is believed that the emigration to Indiana this spring, will be unusually large. Over twenty have applied from Pennsylvania, and as many from New Jersey have secured a passage in the Illinois Packet, to sail from Baltimore.

Great guns have been planted among the batteries at Burlington, Vt., by a request of the Governor, to the County Court, granting $2000 for the relief of Colonel Bailey, late Indian agent, and $1000 to Warner, for burning of property of the Lords of Warner.

J. W. CHAPMAN

OFFERS for sale at his Nursery in the city of Bangor, a handsome variety and choice lot of Fruit and Ornamental Trees, selected by an experienced person from the best nurseries in the country, and in reference to the climate and soil of Maine, among them all the choice varieties with many of the novelties of the times.

A fine lot of Buck thorn plants for Hedges, and small stocks for budding into at Mount Hope.

He would particularly call attention to a very fine assortment of DWARF PEAR TREES, on Angers Quince stock, imported from the North of Europe, and think are very justly in great demand in New England as they come immediately into bearing and are admirably adapted to garden culture where there is little room to spare.

Dwarf Apple Trees of the most valuable of sorts, and which are very fine, little grafts, and are very pretty and interesting.

The catalogues embrace most of the varieties of the PEAR, APPLE, CHERRY, PLUM, and other Fruits that are worthy of cultivation. Also, Rainbow, Snowdrop, Currants, Raspberries, Gooseberries, &c. Rose Trees; Honeysuckles, Trees Vines, Quince, Rhubarb, Victoria Early Rhubarb, which very far surpasses in size and quality the common sorts.

All orders for Trees, Vines, &c. not on hand will be immediately ordered from reliable nurseries and delivered at the proper season.

Those who favor me with their orders may depend upon having every effort made to execute them in the best manner, and to the satisfaction of the purchaser. Great American Remedy.

FOR COLDS, COUGHS, ASTHMA, CROUP AND CONSUMPTION.

WE have no doubt in saying that this is the best, most effectual, and safest remedy for the above complaints, ever offered to the American people, or perhaps any other nation in the world. Many of the ingredients are known to the whole medical profession, as standard remedies, and the practical knowledge, authority and skill of the physician, as well as the experience of the whole civilized world, is in favor of the efficacy of the above medicine. For the cure of coughs, colds, and all diseases of the throat, lungs, and breast, for children, with severe attacks of croup, it is decidedly the best remedy ever offered to the public. In all the cases for which it is recommended, it has been used in the practice of many eminent physicians, with entire success, and for many years will great success.—More than twenty thousand bottles have been sold, and all recommend it. Then why not you?

BANGOR, June 9, 1850.

THIS certifies that I have for some time been afflicted with sore and inflamed eyes, and having used several kinds of Eye Waters, and found no benefit, I was induced to try Dr. HANNAH'S EYE WATER, which entirely cured them, and also cured three or six others in my family. I was quite unwell last fall, and was induced to try a bottle of Dr. Hannah's Pain Killer, which relieved me in a few minutes. I can recommend it to all my friends and acquaintances, as a good medicine. Dr. Hannah's Eye Water and Pain Killer can be had of Mr. Wm. Mann, Bangor, and of Mr. Wm. Hall, Orono.

Another Scientific Wonder!

DR. J. S. HOUGHTON'S Great Dyspepsia Cure!

PEPSIN

THE TRUE

DIGESTIVE FLUID

OR

Gastric Juice,

PREPARED from the fourth STOMACH OF THE OX, agreeably to directions of Dr. BEAUMONT, U. S. Army Surgeon, by JOHN D. PARK, M.D., of Cincinnati, Ohio.

This is a Great Discovery in Medicine for Indigestion and Dyspepsia, curing where Nature's own Agent, the Gastric Juice of PEPSIN is the chief component, or first Digestive Principle of the Gastric Juice—the *Solvent of the Food*, the *Purifying, Arresting* and *Stimulating Agent* of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Animal Digestive Fluid, precisely like the Human, and is the only preparation in the world that furnishes a complete and *perfect* Digestive Fluid by itself. Other preparations of Pepsin are only partial, containing but one or two of the many Digestive principles which it possesses, and are comparatively worthless. This is the largest and most valuable discovery in Medicine ever made, and is destined to work a perfect revolution in the treatment of Indigestion and Dyspepsia, the fashionable disease of the day. Thousands who have been doctoring for years, and who have been given up to die by their physicians, have been restored to perfect health by the use of a few bottles of PEPSIN. Even those cases of Dyspepsia, Consumption, Scrofula, Liver Complaint, Nervousness, Debility, and Dyspepsia Consumption supposed to be the effects of the grave, are rapidly relieved and cured by PEPSIN. Indigestion, which is the cause of more than half the diseases that afflict mankind, is at once relieved by the use of PEPSIN. Dyspepsia, in its most aggravated forms, yields to PEPSIN like snow before the sun. Headache, Pain in the Stomach, Sick Stomach, Heartburn, Waterbrash, Nervousness, Debility, Lowness of Spirits, Nervous Irritability, Want of Appetite, Costiveness, Flatulency, Wind on the Stomach, Bowels, Nervous Apprehensions, Fear of Death, Hypochondria, Blues, Rush of Blood to the Head, Dizziness, Cold Feet, Drowsiness after Meals, Wakefulness, Lowness after Fevers, Paleness of the Face, Eruptions on the Skin, Coldness of the Extremities, Sinking at the Pit of the Stomach, Swimming of the Head, Hurried and difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great Depression of Spirits, can't exist for a moment after the use of this wonderful remedy.

PEPSIN will prolong life to the extreme old age of man. It is the only perfect preparation of the Gastric Juice in the world. Dyspeptics, Consumptives, Debilitated Females, Old People, Children, Feeble Persons, and Invalids generally, will find in PEPSIN the greatest boon ever offered to man. Let no one suffering with any form of disease neglect to give PEPSIN a trial. Let the Skeptic, the Infidel, the Scoffer, the Worldling, Egyptian, Arabian, Hindoo, French, German, Chinese, Italian, Spanish, Portuguese, or Russian, try PEPSIN. Let the Jew, Turk, Heathen, Mohammedan, Pagan, Parsee, Brahmin, Buddhist, Quaker, Shaker, Presbyterian, Baptist, Methodist, Episcopalian, Catholic, Unitarian, Universalist, Congregationalist, Lutheran, Dutch Reformed, Moravian, Shakeress, Mormon, Fire Worshipper, Sun Worshipper, Mahometan, Hottentot, Negro, Indian, Feejee Islander, Cannibal, Infidel, Atheist, Deist, Pantheist, Philosopher, Statesman, Politician, Editor, Reporter, Author, Poet, Printer, Publisher, Bookseller, Merchant, Clerk, Mechanic, Lawyer, Doctor, Minister, Judge, Governor, Senator, Representative, Member of Congress, Foreigner, Native, Citizen, Farmer, Soldier, Sailor, Captain, Colonel, General, President, Monarch, Prince, Duke, Duchess, Princess, Lord, Lady, Earl, Count, Countess, Baron, Baroness, Nobleman, Gentleman, Servant, Waiter, Waitress, Chambermaid, Boots, Hostler, Landlord, Landlady, Boarder, Traveller, Peddler
